Dear Housing Applicant:

We want to share some good news! The Department of Housing and Community Development (DHCD) has a new online application system called CHAMP (Common Housing Application for Massachusetts Public Housing). With CHAMP it is easy to apply, update, and track your application for state-aided public housing. CHAMP is available at: www.mass.gov/applyforpublichousing.

If you previously applied for state-aided public housing at one or more housing authorities, your application is now available in CHAMP. If you have already found your application and created a CHAMP account you may disregard this letter.

The purpose of this letter is to inform you of the new online system for state-aided public housing. This is not an offer of housing and no action is required at this time. However, it is highly suggested that you login to make sure your application is up-to-date.

1. Go to www.mass.gov/applyforpublichousing and create a CHAMP account using an email address.
2. Follow the instructions on how to find your application. Click the “Help” tab for more assistance.
3. When you find your application, please review and make any changes necessary.

Moving Forward:

CHAMP makes it easier for Local Housing Authorities to contact you. If you do not have access to a computer, a tablet, or a smart phone, please consider using public computers at community centers or libraries. If you decide not to use the online system, you will still receive letters and notices by mail. If you are not able to login to CHAMP, you must provide changes to your application in writing to a Local Housing Authority.

CHAMP allows you to apply for state-aided public housing in multiple communities. There is a great demand for public housing in Massachusetts, **so you should only apply to Local Housing Authorities in communities where you want to live.**
